# Note from the Board

Welcome, and thank you for attending KinkyCon Wicked Weekend 2024!

KinkyCon is a grassroots, locally-focused event. Most of our presenters are from our own kinky community. Many of our vendors are folks you know, and they offer their wares at fair prices with exceptional quality, and local service. Our volunteers are from the local community, and give their time to make the Con run as smoothly as possible. They are the reason for the warm, welcoming feel throughout the weekend.

The main focus of our Con is education. Every year, we strive to provide a schedule of varied topics, skill levels, and presenters. We enjoy giving new, local presenters the opportunity to get their feet wet; they have to start somewhere! Our goal is always to diversify both our list of presenters as well as our class list. Our schedule is packed full of amazing classes, special interest groups (SIGs), and informal lounges. We hope you will attend as much as you can.

We are here to make sure you have a great experience at KinkyCon. If you have any questions, concerns, or problems, please talk to one of the KinkyCon staff or board members right away. We will do everything we can to help on-the-spot.

Have fun, play safe, and open yourself up to new ideas. That is the essence of a great KinkyCon experience.

# General Event Rules

*We potentially share the hotel with other guests, children, groups, and hotel staff, all of whom deserve our respect. Our commitment to the hotel is, in essence, to make sure that no one has a reason to feel uncomfortable with our presence. We strive to build a solid, trusting relationship with the hotel, and as long as we keep to ourselves, we hope they will be happy to provide a space for us. Accordingly, here are some things you need to agree to.*

You must respect hotel guests and staff by:

- Wearing “Family Friendly” attire in all hallways, public, and common areas of the hotel.
- Keeping kink conversation out of hearing range of hotel guests and staff.
- Not approaching other hotel guests to ask them if they are part of our event.
- Respecting others’ privacy. What is done/said/seen here, stays here.
- Not giving out detailed personal information about people in attendance.

You must:

- Wear your wristband and ID badge at all times when in the Con spaces.
- Familiarize yourself with and follow the cellphone and photography policies.
- Familiarize yourself with, and follow the rules for each space.\*
- Follow the instructions of KinkyCon security and staff.

*\*Rules for each space will be posted inside, near the door.*

## “Family Friendly” is much more conservative than “Street Legal.”

Understand that there is no play or disruptive behavior of any kind allowed in the hallways, public, and common areas of the hotel. This includes:

- Wearing or displaying rope or fetish gear,\* including hoods, masks, toys, or leashes.
- Any sort of BDSM play, impact play, spanking, groping, biting, leading on a leash, etc.
- Loud noise, or any behavior that might be disturbing or offensive to hotel guests or staff.

*\*Special exception for collars. If you wear your collar to the mall, feel free to wear it here!*

There is a strict NO PHOTOGRAPHY, NO RECORDING DEVICES, and limited cell phone usage policy. You must keep your phone silenced and step outside for calls.

There is no sexual activity allowed at the Con or the party.

- “Sexual activity” is defined here as: body parts or toys inside of other body parts, hand/oral to genital contact, or using toys like vibrators on genitals, either directly or indirectly.

*Exceptions: Kissing, and contact that is required by the nature of the class or presentation.*

Alcohol and drugs are prohibited at the Con and at the parties, and anyone appearing intoxicated or under the influence will be immediately ejected from the Con.

Failure to abide by these rules will result in being ejected from the Con with no refund.

### Restrooms:

For gender-nonconforming individuals, just walking through the door of a public restroom can be stressful, and many have experienced harassment in restrooms. We ask everyone to respect the right of others to use the restroom of their choice. We appreciate your help in ensuring that all persons have a positive experience while attending our event. It is important that we work proactively to create safer spaces for ALL people whenever and wherever we can.

- If you prefer a **GENDER SPECIFIC** restroom, they are located in the hotel area, on the first floor, across from the restaurant.
- If you prefer an **ALL-GENDER** restroom, they are located in the conference area, outside of Trafalgar.

### Food policy:

- There is NO outside food allowed in the Con spaces.
- There is a small market in the hotel lobby with snacks, drinks, and quick lunch options.
- There is a restaurant on the first floor of the hotel.
- To protect the privacy of all Con attendees, we respectfully request that any food deliveries be picked up in the lobby of the hotel.

See what else in the area:

## Dress Code

When in the public spaces of the hotel, “**Family Friendly**” is the minimum. We suggest a long coat or cape be worn if you have any doubt about the appropriateness of your clothing.

**> THIS INCLUDES THE ELEVATORS!**

- Please note: “**Family Friendly**” is much more conservative than “**Street Legal**.” This includes not wearing or displaying rope, fetish gear - including full-face hoods or masks, toys, or leashes, and extends to include any sort of BDSM play, impact play, spanking, groping, biting, leading on a leash etc.

Special exception for collars! *If you wear your collar to the mall, feel free to wear it here!*

**In the Ballroom/Trafalgar area, and the Vending area** – As access to these spaces is restricted, the dress code is a bit more relaxed. “Street Legal” is the minimum. Genitals must remain covered, and pasties are required if topless. All types of fetish wear are allowed, including masks, hoods, leashes, harnesses, etc. while within these spaces. Please take into consideration that space is limited. Full nudity is not allowed.

**In the Classrooms** – For all classrooms: “**Street Legal**” is required. Genitals must remain covered, and pasties are required if topless. All types of fetish wear are allowed including masks, hoods, leashes, harnesses, etc. while within the classrooms, as long as it doesn’t distract the class. Please take into consideration that space is limited.

- Please note: For certain classes, demo bottoms may be fully nude at the discretion of the instructor, as long as the doors remain closed.

**At the nighttime parties** – All types of fetish wear are allowed including masks, hoods, leashes, harnesses, etc. while within the party area! Bring it out and show it off! Topless is fine. G-string minimum on bottom. Genitals and anus must be covered.

- Please note: You must be Street Legal if you leave the party area for any reason.

# Nighttime Party Rules

## Basic Rules

- Absolutely NO CELL PHONE USAGE, PHOTOGRAPHY or recording devices of any kind, in any of the dungeon rooms (Ballrooms A, B, C, & D; Trafalgar A & B).
- ALL ACTIVITY MUST BE CONSENSUAL.
- Event safe word is RED. Expect others to react if you use it. We strongly suggest a Green, Yellow, Red safe word progression for all scenes. If you do not know what this means, please ask a Dungeon Monitor.
- No means No. Take no for an answer with dignity and good manners.
- Respect the space and other guests: Do not walk through a scene, do not interrupt or talk to the players, maintain a safe distance, and please do not hog the equipment.
- Dungeon spaces are for play and observation. Social spaces are for conversations.
- Do not touch it if it is not yours.
- Clean up after yourself. This includes water and equipment.
- No alcohol or drugs are permitted. If you appear to be under the influence of either, we will ask you to leave with no refund.
- G-string minimum at the party (keep genitals and anus covered). You must be Street Legal if you leave the party area for any reason.
- Smoking is only permitted outside in designated areas.

## Play Rules:

- NO fire, scat, urine, blood, or clamps on genitalia.
- NO sexual activity at the parties. Sexual activity is defined here as: body parts or toys inside of other body parts, hand/oral to genital contact, or using toys like vibrators on genitals, either directly or indirectly.
- NO scenes involving sharps (staples, needles, knives) are allowed at the parties.
- Wipe down any equipment before, and most importantly after, your scene is finished. If you are not able to do this yourself, make arrangements for someone else to do it for you.
- Short whips only (6 feet or less), and keep them subsonic whenever possible (no cracks). No intentional, repeated cracking.
- If you see something you think is unsafe, bring it to the attention of a Dungeon Monitor. Do not interrupt the scene.

All decisions made by the Dungeon Monitors are final, and failure to abide by them will result in being ejected from the event with no refund.

# Consent Policy

1. No touching people or personal property without permission.
2. Treat everyone as an equal, and only engage in verbal role-play if you have permission. For example, don't call someone "Mistress," "slave," or any other role-play word unless you have asked if it's okay.
3. Negotiate the scope of your scene prior to the activities. Before the scene begins, it must be clear that the bottom has given consent to the proposed acts.
4. Each participant is responsible to make sure everyone involved has the mental and emotional ability to give informed and voluntary consent during their negotiation for the scene.
5. Anyone can withdraw consent, make a nonverbal safesign or use the universal safeword "Red" at any time. Once consent is withdrawn, the activity must stop immediately. Partners need to share what safewords or safesigns are being used to prevent consent violations.
6. The top is legally responsible for stopping the activities at any suggestion that the bottom has withdrawn consent. The bottom is ethically responsible for being clear and unequivocal when withdrawing consent.
7. Depending on all participants' state of mind, we recommend that you don't renegotiate in the middle of your scene. When a person is in subspace or otherwise not in a clear state of mind, you may not have informed consent, even though they agree in the heat of the moment.
8. If your consent is violated, verbally tell a dungeon monitor or clearly marked delegate of the event immediately. Violation of the consent policy may result in expulsion from the event. No one is exempt from the rules.
9. Disclaimer: Every reasonable effort will be made to enforce this policy, but this organization makes no representations or guarantees about its ability to do so, and all participants/attendees retain full, sole responsibility for their safety and the safety of others with whom they interact.

## Security, Health, & Safety

At KinkyCon, we take all of these very seriously, and we proactively seek out new ways to up our game in each area. We have taken steps to ensure that we have the following important resources available that will benefit our attendees, volunteers, and staff.

**Security** – The KinkyCon Staff and all of our volunteers are our first line of defense when it comes to security at the Con. We have volunteers at every entrance to the Con spaces so that unwanted “guests” are not able to enter.

**Health** – We have partnered with Operation Hammond to provide Medical Aid and Social Care. They will be on site all weekend providing medical services and social care. You can request their services 24 hours a day. Or, you can visit them in person at the **First Aid Station, located outside Ballroom B, and on the lower level, in the Brookfield Room**. All services are 100% discreet, private, and confidential.

If you have an emergency, you can get help, 24 hours a day, by visiting Operation Hammond, or by contacting any KinkyCon volunteer, staff, or board member.

**Safety** – Dungeon Monitors will be on hand at all nighttime parties. AdelineKindred and Amanda are taking the lead on this very important aspect of KinkyCon, and will be on site all weekend to manage the DM crew.

Volunteers and staff are on duty during all the hours that KinkyCon is open. If you have any kind of problem, please bring it to our attention, and we will work to gather the best resources at our disposal to help resolve the problem.

Consent is a huge topic at every public event, and at KinkyCon, we take it very seriously. We operate on an ONLY YES MEANS YES basis. If you feel that your consent has been violated at any time during KinkyCon, please contact someone on the KinkyCon staff, or at Operation Hammond, for the quickest response. You can also contact any volunteer and they will radio one of us to respond to your location.

If your consent is violated, verbally tell a dungeon monitor or clearly marked delegate of the event immediately. Violation of the consent policy may result in expulsion from the event. No one is exempt from the rules.

## **AdelineKindred** (*she/her*) - **Lead Dungeon Monitor**

AdelineKindred has been a part of the KinkyCon team since 2010, teaching various classes and leading the team of dungeon monitors. In addition to her time with KinkyCon, Adeline has managed DMs for Bound in Boston, Dark Odyssey, NELA, and Tethered Together. She has also taught BDSM classes on both coasts on a variety of topics including rope safety, impact play, identity and inclusion, and D/s relations. Originally a Boston native, Adeline first entered the scene in Rochester, NY before returning to Boston and getting involved locally. Today, Adeline lives in New York City and continues to be an active participant and contributor to the community at large.

## **Amanda** (*she/her*) - **Assistant Dungeon Monitor Coordinator**

Amanda has been involved in the Boston area kink scene since 2012, though this will be only her second KinkyCon! She has experience as a DM from her first KinkyCon and from NELA's Fetish Flea. She has also led the first aid team for Tethered Together. She is excited to be on the DM team in this new capacity, and is looking forward to facilitating your fun and keeping you safe! Find her online @TyranocervixRex.

## **Arlin** (*she/they*) - **Assistant Volunteer Coordinator**

Arlin has been active in the scene for several years, and attends events across New England. They believe in seeking out mentors for learning about kink, and how to practice it (relatively) safely. Arlin has participated as a demo bottom for classes at various conventions, as well as through the New England Dungeon society. If you see them, say hi!

## **Aurarah** (*she/her*) - **Assistant Volunteer Coordinator**

Aurarah began her kinksploration journey in the public scene in Colorado in 2016 and recently moved back to New Hampshire where she is enjoying new adventures and learning about everything the New England scene has to offer. Aurarah's primary interests fall within the broad spectrum of bottoming for impact and rope, but she has also enjoyed exploring a wide variety of other kink/BDSM activities, including learning the nuances of switching as a Top for impact play. Aurarah has had the honor of attending classes led by nationally- and internationally-recognized instructors, covering topics including Leather as a Lifestyle, Anticipatory Service, and the many Facets of M/s - D/s Dynamics, and she is looking forward to getting more involved and giving back to the local community. She is especially excited to attend her first KinkyCon weekend!

## **Buck** (*he/him*) - **Assistant Operations Coordinator**

Buck is a strong, helpful, energetic person. He has been helping make conferences and live music happen in many communities for some time. As Operations assistant, Buck will help KinkyCon run well, be beautiful, and be a fun time for all.

## **Cameron Tod** or **Chris** (*they/them*) - **Operations Coordinator**

Chris learned about the kink community while living in Washington state and they joined the community in 2012 after moving to the New Hampshire Seacoast. The first event they attended was the Portsmouth Pub Night, which was one of the best decisions they ever made. That choice has led them to be able to learn from and meet some amazing individuals. This will be the 6th KinkyCon where they have helped facilitate the moving of equipment and supplies for the presenters and classes.

## **Eomer** (*he/him*) - **Vending Coordinator**

Eomer (pronounced AY-oh-mare) has been drawn to alternative lifestyles all his life, and became active in the local community over a decade ago. His main interests include fire, safety, and volunteerism. At his core, he believes everyone should have the freedom and opportunity to explore, express, and present their fetish interests and sexuality without rebuke. As such, he regularly volunteers at BDSM cons, acts as a host for the Concord Community Munch, and lends support to local groups and events like LGBTQ Pride and domestic violence advocacy and outreach groups. He is an artist and engineer by day, and a sadist with a soft heart and a passion for edgier play by night.

## **Kinky\_Counselor** (*she/her*) - **Incident Response Team Lead**

See page 11

## **Misty** (*they/she*) - **Volunteer Coordinator**

Misty or @MissCuriositease is a playful switch with a background in community-based sexuality education, LGBTQIA+ programming, equity and inclusion work, and a fun mix of customer service roles. A busy and curious little bee, they love to attend cons to get their play, their community-building, and a broad range of education all in one place. Misty's been attending KinkyCon since 2019 and has volunteered for registration, class monitoring and auditing, event load in and out, help desk, and whatever random things need doing. This is their first year as full time staff, so expect hard work, special treats, the best intentions, and something different.

### **PinkPixxie** *(she/her)* - **Programming Coordinator**

Ten years ago, PinkPixxie discovered FetLife which opened her eyes to all the amazing kinky people and events in New England. Soon after, she decided she needed to meet fun kinky people IRL so ventured out to her first munch and summer event. She remembers vividly approaching the KinkyCon booth, meeting Domino, and hearing about this amazing event for the first time. She left with a ticket, and now has countless fond memories of all the KinkyCon's she has attended over the years. I think she may have won the award for most luggage, food, and gear loaded onto a hotel cart! Pink is a proud member of the MA Over 40, BTAK, and QBP groups. Pink is primarily a sensualist who enjoys wax play, sensual massage and caning, fire play, and cuddling. She has been a rope bottom demo at a few different cons over the years as well. Pink has always loved volunteering at KC and is excited to bring her extroverted personality, organizational skills, and attention to detail to this year's Con as the new Programming Coordinator.

### **Willowweep4me** - **Security Manager**

Willow has known she was kinky right out of high school, she knew at early age she had different ideas of how she viewed her relationships. She grew up in Mass & was active in private events in Ma, CT, & RI before moving to New Hampshire in 2008. she found a new love for more of a switch role in her relationships, and in 2013 she joined Fetlife. Willow found an amazing circle of friends through her kinky poker group, and hasn't looked back. Willow has volunteered over the years for various events, and she is currently a co-host of the Rochester Munch. Safety is her number one priority, and she is excited to be back this year at KC as their Security Manager again. Willow has over 25 years of experience in hospital-ity management and event planning, and is excited to more with help with this year's Con. She also sits on numerous boards in her community as she is very passionate about giving back. When she isn't getting her freaky side on, her and her husband enjoy hunting, fishing, fostering dogs, golfing and baking. She also owns her own company teaching outdoor education, safety skills, outdoor cooking, skiing, and mountain biking.

## **Meet the Board**

### **Dejantu** *(he/him)*

Dejantu has been in the kink scene since the early 90's, and has always enjoyed power exchange dynamics. Over 10 years ago, he became active in the local New Hampshire kink scene. He found a love of rope bondage, Kinbaku, and went to nearly every event around to learn as much as he could about the art form. He has helped run rope lounges at kink conventions, mentored at local area rope groups, and started the Manchester Rope Group. Along with a few other leaders in the New Hampshire area, he started the MARK group which ran nearly 50 events a year, including multiple munches and many diverse events (both kink and vanilla) with kinky people. In 2014, he became a board member for KinkyCon, and loves being part of a great event that provides quality kink education from lifestyle experts. He enjoys discussing, teaching, mentoring, and participating in BDSM and D/s activities.

### **Domino** *(he/him)*

Domino's KinkyCon roots go back to the very beginning of the event, when he responded to a post on FetLife from a student at UNH who had an idea for a conference but needed some help. Eventually, Courtney Jane left for the West Coast, and Domino became one of the board of directors that would keep KinkyCon true to its original vision moving forward.

Domino has pursued his interests in the BDSM lifestyle for more than three decades, and is the creator and host of The Bullwhip Lounge, a day long whip extravaganza at NELA's Fetish Fair Fleamarket. Domino has presented at many local and national events including KinkyCon, Black Rose, The Floating World, Brimstone, and Leather Reign.

Domino's passions for community building, education, and creating a safe space for all to participate, continue to play a major role in the creation of every KinkyCon.

### **PinkBikerGirl** *(she/her)*

Cindy has been interested in kink for close to 15 years but didn't venture into the public scene until 2012. Over the past 12 years, she has attended, hosted, and organized numerous events, but has taken a step back in recent years in order to focus on work, school, and personal relationships.

Cindy's strengths lie in the details, organizing, and planning. So, in 2014, she added KinkyCon Board Member to her kink resume. Originally brought on to create the program, she has taken on other roles over the years, such as presenter liaison, and organizer extraordinaire, but currently holds the unofficial title of Marketing Director. While all printed materials at the Con had to pass by her critical eye first, the program you hold in your hands is her biggest source of pride!
